Micro-Mix D.L. is designed for both foliar and soil use on crops to prevent or correct molybdenum deficiencies. Proper nutrient management will help maximize crop quality and yields. Foliar fertilization is intended to supplement standard ground fertility programs and will not by itself provide all nutrients normally required by agricultural crops.

Directions for Commercial Use:

Foliar: Apply 2.5L – 10L per ha (1L – 4L per acre) with sufficient water for thorough coverage. For best results spray in early morning or late afternoon. Do not apply during the “sunlight” hours when air temperature is above 30°C (85°F). **Soil:** Apply 5L to 20L per ha (2L – 8L per acre). Ground application can be via conventional ground sprayer or metered through irrigation. Foliar and soil applications are intended to supplement standard ground fertility programs and will not, by itself, provide all nutrients normally required by agricultural crops. This product must only be used for corrections of deficiencies as determined by foliar and soil testing. This product should be applied based on the advice of a government agricultural representative or a professional agricultural consultant.

Mixing: Micro-Mix D.L. may be mixed with most fertilizers, insecticides and/or fungicides. A compatibility check is recommended. Check with your field representative for specific recommendations. The application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Guaranteed Analysis:

Magnesium (Mg)	0.5%
Copper (Cu) (actual)	0.5%
Iron (Fe) (actual)	1.0%
Manganese (Mn) (actual)	2.0%
Molybdenum (Mo) (actual)	0.1%
Zinc (Zn) (actual)	2.0%

Net Weight 13.15kg
Net Contents 10L

Warranty:

- 1.-The manufacturer guarantees and warrants that the content and the total net weight are as stated within lawful limits.
- 2.-Liability of Agro-K Corporation under this warranty or otherwise shall be limited to refund of the purchase price and such refund is expressly agreed by the buyer to be the exclusive remedy.

Agro-K Corporation makes no other expressed or implied guarantee, warranty or representation, including warranties of merchantability and fitness for a purpose. Agro-K Corporation shall not be liable for direct consequential or incidental damages. No modifications of this warranty and the disclaimers herein are authorized or valid unless expressed in writing and signed by Agro-K Corporation.

KEEP OUT OF REACH OF CHILDREN.

CAUTION: This product contains Iron, Copper, Manganese, Molybdenum and Zinc, and should be used only as recommended. It may prove harmful if misused. The application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals. Do not contaminate water, food or feed by storage or disposal. Mixers, loaders, applicators and other handlers must wear: long-sleeved shirt and long pants, shoes plus socks, chemical resistant gloves made of any waterproof material, and protective eyewear.
