Top Set DL is designed for both foliar and soil use on crops to prevent or correct boron and molybdenum deficiencies. Proper nutrient management will help maximize crop quality and yields. Foliar fertilization is intended to supplement standard ground fertility programs and will not by itself provide all nutrients normally required by agricultural crops.

Directions for Commercial Use:

Foliar: Apply 0.6 - 4.9 L per ha (250ml - 2L per acre) with sufficient water for thorough coverage. For best results spray product in early morning or late afternoon. Do not apply during the "sunlight" hours when air temperature is above 30° C. This product must only be used for corrections of deficiencies as determined by foliar and soil testing. This product should be applied based on the advice of a government agricultural representative or a professional agricultural consultant.

Soil: Apply 2.5 - 9 L per ha (1 - 3.5 L per acre). Soil applications can be via conventional ground sprayer or metered through irrigation. This product must only be used for corrections of deficiencies as determined by foliar and soil testing. This product should be applied based on the advice of a government agricultural representative or a professional agricultural consultant.

Mixing: Top Set DL. may be mixed with most fertilizers, insecticides and/or fungicides. A compatibility check is recommended. Materials packaged in water soluble bags should be added to the tank first and completely dissolved before adding any boron containing products to the tank mix - including Top Set DL and Vigor-Cal-Bor-Moly. Check with your agronomic consultant for specific recommendations.

FIRST AID:

IF IN EYES: Hold eyelid open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor immediately for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Guaranteed Minimum Analysis:

Boron (B)(actual) 9.0%

Molybdenum (Mo)(actual) 0.6%

Net Weight 12.45 kg / Net Contents 10L

AGRO·K 

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Drink several glasses of water or milk if able to swallow. Do not give anything to an unconscious or convulsing person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Warranty

- 1-The manufacturer guarantees and warrants that the content and the total net weight are as stated within lawful limits.
- 2-Liability of Agro-K Corporation under this warranty or otherwise shall be limited to refund of the purchase price and such refund is expressly agreed by the buyer to be the exclusive remedy.

Agro-K Corporation makes no other expressed or implied guarantee, warranty or representation, including warranties of merchantability and fitness for a purpose. Agro-K Corporation shall not be liable for direct consequential or incidental damages. No modifications of this warranty and the disclaimers herein are authorized or valid unless expressed in writing and signed by Agro-K Corporation.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

CAUTION: May cause skin, eye or respiratory system irritation. Avoid prolonged or repeated skin contact. Do not get in eyes, on skin or on clothing. Ingestion can cause irritation of mucous membranes due to hydrolysis. Keep in tightly sealed closed container. Wash thoroughly after handling. Do not contaminate water, food or feed by storage or disposal. Mixers, loaders, applicators and other handlers must wear: long-sleeved shirt and long pants, shoes plus socks, chemical resistant gloves made of any waterproof material, and protective eyewear. **CAUTION:** This product contains Boron and Molybdenum and should be used only as recommended. It may prove harmful if misused. This product may damage fertility and the unborn child.
